

## TELEGRAPHIC.

Winnipeg, July 11th.

Montreal flour was again reduced 25 cents. Germany has demanded an indemnity from Morocco. C. Durham, of Harrisburg, Ont., was killed by a runaway. The great Christian Endeavor convention at Boston opens to-day. Two men were run over and killed by a train at St. Jerome, Que. It is said that China only agreed to a loan with Russia under pressure. Renewed efforts are being made for the liberation of Mrs. Maybrick. Fires at Detroit, Alpena, and Muskegon, Mich., have done tremendous damage. The Thompson Argonauts suffered another defeat in the diamond sculls at Henley. The Cornell crew was beaten by Trinity and the Argonauts, of Toronto, were beaten. The charter for a railroad to Lake Dauphin was retired by the Dominion railway committee. Twelve persons on an excursion train were killed by a pitch in near Quebec, on Tuesday night. Many injured. French conservative papers are silent on the subject of the crisis. It is likely to be settled one way or the other to-day.

## LOCAL.

GREEN PARS are in use. TRAIN 30 minutes late. GARDENERS are looking well. THESE are dull days for the miners. MISS EMERY went south on Tuesday's train. THE river has fallen considerably during the past few days. G. DESJARDIS, trader returned to Lesser Slave lake yesterday. J. A. CALDER, inspector of schools, returned to Regina on Tuesday's train. MR. AND MRS. GALLAGHER leave to-morrow to visit the Winnipeg exhibition. JOSEPH and Augustin Ladouceur, traders of Lac la Biche, returned home this week. THE Rev. Canon Newton is going home for several weeks on a missionary journey. MONDAY's train brought in a car of flour from Winnipeg for A. McLean and a way car. A. C. RUTHERFORD, advocate of South Edmonton, has been gazetted a notary public. MISS SNOOK, one of the teachers of the South Edmonton school, went home to Calgary on Tuesday's train. THOMAS BENNETT, assistant land agent in South Edmonton, has been appointed a commissioner for taking affidavits. JAMES PRICE, of Belmont, reports the first field of red fye wheat in head for this season. It was headed out on July 1st. R. LOUNSBURY, who lives near South Edmonton, was showing a fine sample of fall rye on Tuesday morning. It measured over six feet in length. WARBURTON PIKE, who visited the Barren Grounds in search of musk ox a few years ago, spent the past twenty months on the head waters of the Yukon hunting, and is now on his way to England. THE general quarterly meeting of the Edmonton board of trade, which was advertised in last BULLETIN to be held on Tuesday evening last, has been postponed until Tuesday evening the 16th inst., at 8:30 in the council chamber. In response to the last telegram of the board of trade regarding stop over privileges in Winnipeg on excursion tickets to the Winnipeg exhibition, Robt. Kerr, general passenger agent, telegraphs: "Those who require to stay over here will be fixed satisfactorily on application at my office." This gives excursionists the opportunity to visit both the Winnipeg and Regina fairs. WORK is in progress at the site of the old H. B. Co., mill on the flat above the fort, on a dredge scow that will be worked to take gold out of the river. The scow is being most strongly built of 6x6 timbers laid on each other and securely fastened together. The size is 55x24 and five feet in depth. The machinery will be that of an ordinary scow dredge and will raise from a yard to a yard and a half of gravel at a lift, raising from 500 to 750 yards of gravel a day. The machinery will be operated by engines having about 100 horse power. The engines and machinery will be new and of the best makes and will be imported. The scow is expected to be ready for business not later than the middle of August. THE Saskatoon berry, which is very abundant in this district and indeed in some seasons is the more plentiful than any other, while excellent for eating fresh and capable of being dried with good results is not generally supposed to be suitable for preserving. When cooked in the same way as other berries the skins become tough and the juice tasteless. It all depends, however, on the way it is done. P. Anderson presented the BULLETIN with a sample of jam made from Saskatoon berries, a year ago by Mrs. Anderson, that was excellent in every particular, fully preserving the delicate flavor of the berry. Just how the jam was made the BULLETIN has not been informed, but if it succeeds in securing the information will give its readers the benefit. REV. MR. THOMAS, Church of England missionary on the Blackfoot reserve, and Misses Turner and Gallick, mission teachers, have left the reserve in fear of their lives and the mission is closed. The trouble grew out of the shooting of Frank Skinner, by an Indian last spring, and the subsequent shooting of the Indian murderer by a policeman. The abandonment of a Christian mission to the Blackfeet is not a very serious blow to the cause of religion, for of all the pagan people on earth the Blackfeet have shown themselves the least susceptible to the influence of Christian missionaries. Although there have been Christian missionaries amongst the Blackfeet for many years it is doubtful if there has yet been made the first convert. They have a complete religious system of their own, with which they are perfectly satisfied and which seems to fortify them against Christianity.

MISS EDITH YOUNG left for the Landing on Tuesday.

BUTTER is quoted at 15c. and eggs 12c. in the stores.

THE river has been high this week but is falling slightly.

J. J. YOUNG, of the Calgary Herald, arrived on Monday's train.

MRS. AL. BROWN leaves to-morrow to visit the Winnipeg exhibition.

WORK has been commenced at the new school building by the contractor K. A. McLeod.

D. FRANCIS, principal of Edmonton public school, has resigned and will engage in farming at Beaver lake.

THE coal to be taken to Battleford by Wm. Devan for the Industrial school, will be supplied by Chas. Volrath.

WINNIPEG NEWS: A colony of Police have arrived from Austria and will take up their abode at Edmonton.

FRANK VICKERSON and Mr. Tolman, of Lacombe, arrived on Tuesday by train on a first visit to Edmonton. They return to-day.

BASKET picnic to-morrow afternoon in McKernan's grove, South Edmonton, under the auspices of South Edmonton Orange lodge.

THE assessment of 1895 is completed and anyone desiring to appeal must give notice to the town clerk on or before the 23rd of this month.

MISS MARSH, who arrived from Clarksburg last week, went north to the Landing on Tuesday, to go on to Chipewyan as a mission teacher of the Church of England.

J. G. OTTEWELL was elected overseer of statute labor in that part of tp 53, range 23, south of the Saskatchewan river by acclamation on Wednesday. This township includes Clover Bar settlement.

R. SECORD and H. B. Round left for the Landing on Wednesday. Mr. Secord will meet Colin Fraser from Chipewyan at the Landing and Mr. Round will go on to Fort Smith to meet Nagle of Fort Resolution and Hishop of Fort Rae and bring back their outfits of fur.

THE new Church of England building will be 31x49ft. 6in., inside, with chancel 16ft. 8in. by 9ft. The ceiling will be open with three principal rafters pannelled. The walls will be solid brick with brick buttresses and dressed stone caps. The chancel windows will be of ornamental fret work with cathedral glass. The front will be of brick, but the building is planned so that it can be removed when it is decided to complete the building by adding the front and tower contemplated in the original design. There will be a handsome porch over the front door.

ON Tuesday Jas. Walsh made the heaviest single cash purchase of fur that has ever been made in Edmonton, from Larue & Picard. The amount was \$14,000. The following list of the fur will give some idea of the value involved: 1,602 marten, 1,014 lynx, 667 mink, 212 beaver, 130 bears, 26 otter, 86 fisher, 22 silver fox, 89 cross fox, 162 red fox, 2 wolverine, 18 coyotes, 1 wolf, 319 skunk, 2,005 rats. Mr. Walsh represents the great fur house of Ullman & Co. which has establishments at Leipzig, Germany, London, England, New York and St. Paul, besides a number of purchasing agencies all over North America.

THE old Methodist parsonage is being removed to M. McCauley's property, he having purchased it. This building was put up about 1871 or '72 and is still perfectly sound and solid in all its parts except the sills, which are decayed. The walls are of spruce logs hewn on two sides, and the floor of spruce planks sawn on one side and hewn on the other. All the lumber in it was sawn by hand and even the nails were made in the same way by the H. B. blacksmith at the fort. The partitions are of dressed spruce lumber and show no sign of shrinkage although standing dry for so many years. The condition of this building is an evidence of the value of the native spruce as a building material, when properly handled, and it is also an evidence of the good workmanship of the pioneers of Edmonton, as well as of the skillful management and missionary enthusiasm of the founder of the mission, and indeed it may be said of the town of Edmonton, Rev. George McDougall. Its removal will make way for the new public school building, which it is to be hoped will be as great a credit to Edmonton as it is, as the building now being removed was to Edmonton as it was.

THE new public school building will be 38 feet 8 inches by 33 feet 2 inches with a tower in the centre of the front projecting 9 feet 4 inches by 18 feet. The building will have two stories and basement the full size. A concrete bed 5 1/2 feet will underlie the basement walls. The footings of the walls will be four feet wide and the basement walls themselves 2 feet 6 inches wide of stone. The basement will have a concrete floor and the ceiling will be nine feet high. There will be a brick partition in the basement and it will contain furnace rooms and storage for coal and wood and will be well lighted. The walls will be of solid brick, in the first story 16 inches thick and in the second 12 inches. The roof will be covered with galvanized iron shingles. The tower forms the entry to the first story, and the main building is divided into two rooms of 24x32 with a stairway 6 feet wide between. The ceiling is 14 feet high. The entrance to the basement is from the rear door of the building under the stairs leading to the upper story. The basement can also be entered from the rooms on the ground floor. The rooms are lighted with eight windows in each on three sides and the children will sit facing the wall of the stairway so that the light will be behind and at each side of them, none in front. A blackboard goes almost around the rooms. The second floor is arranged like the first, in two rooms with ceiling of the same height. There is, however, a third room in the projecting tower, with small closet adjoining, over the stairway. The tower contains a belfry and has a total height of 66 feet. Instead of a porch a balcony projects over the front door. There is an ornamental iron crest on the ridge of the roof and the front has cut stone window sills, and other ornamental stone work.

MISS MINNIE BATTRICK went to Calgary on Tuesday's train.

THE brick work of the third story of the new hospital is well on to completion.

THOS. HURSTON has erected a large addition to his west-end dairy buildings.

MR. AND MRS. JACKSON of the Queen's hotel leave to-morrow for the Winnipeg exhibition.

REV. E. B. GLASS, Methodist missionary at White Fish lake, is in town accompanied by Mrs. Glass.

A NUMBER of half breed traders and trappers from Jasper House are camped on the Hudson's Bay flat near the point.

MRS. WILSON, wife of Mayor Wilson, left on Tuesday's train of last week for Toronto to visit her father who is seriously ill.

BETWEEN fitting out miners for the Athabasca and supplying traders from the north with goods, the merchants report a very brisk trade.

AL. BROWN left yesterday for Battleford per flat boat, with a cargo of Calgary beer. He will go on to Regina from Battleford to take in the exhibition.

REV. MR. CURRY went to the Landing on Tuesday with Jas. Norn. His destination is Lesser Slave lake mission, where he will assist Rev. Mr. Holmes.

A. L. BRICK left for Peace river by way of the Landing yesterday. F. A. BRICK goes east to-morrow to visit his father. Rev. Mr. Brick, who is living in New York state. The Messrs. Brick received word of their mother's death on their arrival at Edmonton.

TO-MORROW's train will take the excursionists to the Winnipeg exhibition, which opens on the 15th. A very considerable number will avail themselves of the cheap rate. Owing to the exertions of the board of trade and thanks to the C. P. R., they will be enabled to take in the Regina fair on the same trip by delaying a few days.

THERE were 72 settlers came north on Monday's train. Two from Ontario, 19 from Washington, 33 from Russia, and 18 Austria. Of these 48 came to Edmonton, 6 to Leduc, 2 to Wetaskiwin, 12 to Lacombe, and 4 to Red Deer. There were also two cars of stock and effects. One came from Ontario to Wetaskiwin and the other from Minnesota to Leduc.

NEW ADVERTISEMENTS.

INFORMATION WANTED.

My wife, Lizzie Petersdorf, left my house about June 17th taking with her my two children, Mary, aged 7 years, and Hedwig, aged 3 years and eight months. I have the order of the authorities for the custody of the children and desire to recover them. Information as to their whereabouts will be thankfully received, and may be left at the BULLETIN's office, or addressed to:

ALBERT PETERSDORF, South Edmonton.

EDMONTON BULLETIN, JULY 11TH, 1895.

## THE FUR TRADE.

The fact that fully \$100,000 worth of fur has been bought for cash at this point, since the opening of the fur season last fall, establishes Edmonton as one of the leading fur markets on the continent. Without consideration it might seem that the fact of a certain amount of fur being bought here, to be shipped directly out of the country, from traders who as a rule do business hundreds of miles away, has no very important effect on the business or standing of the place. If it were only the question of the exchange of fur for money it would not be so very important, but even this would depend to some extent on the existence of adequate banking facilities and to that extent would be an inducement towards the establishment of such facilities, which again would be an assistance in other lines of business. But it means a great deal more. Every dollar of cash that is paid out for fur means a dollar paid by the trader to one or another merchant of the town for goods of one class or another suitable for his own use or for the trade in which he is engaged. It therefore means a direct addition to the volume of business of the town to the amount of the fur purchased, and as it is an infallible rule that the greater the amount of business done the better the terms upon which it can be done, the more fur that is sold here and the more goods bought with the money the larger stocks the merchants can keep and the cheaper they can sell.

Although Edmonton was always a great point for trading fur and distributing goods, this cash fur trade is of comparatively recent existence, and has shown a rapid and steady growth ever since it commenced. Edmonton was the H. B. Co. post from which supplies were distributed for a considerable area and at which the furs were collected for shipment. Other traders, whose outfits were purchased at Winnipeg or Calgary passed through to reach their trading posts. Edmonton was an important point to them as the last outpost of civilization, but nothing more. As civilization, in the shape of the railroad, approached traders got out of the way of travelling to Winnipeg, which at one time was the only cash fur market, to sell their furs and to purchase supplies, and it became necessary for the buyers to come west in order to get the fur. At first occasional trips were made through the country from Winnipeg, some extending to Edmonton, and one of the first buyers to make this trip was Jas. Walsh, now buying for Jos. Ullman & Co., of St. Paul. As these trips were made from time to time it became more and more apparent that Edmonton was the natural fur depot of the country, and Mr. Walsh opened out permanently here several years ago. As cash buyers came in to compete for the fur the H. B. Co., who had always outfitted traders in exchange for their fur at wholesale rates, now paid cash. This gave competition in prices, and at once established Edmonton as a fur market, and wholesale point. As the point most easily accessible to the largest number of traders, covering the widest area of territory, the limits of the trade have extended every year. At first the furs bought at Edmonton were those traded within a radius of 100 miles from Lake St. Ann to the west and Victoria to the east. Then the Lac la Biche and Jasper house traders fell into line; then Lesser Slave lake; then Peace river; then the lower Athabasca and Great Slave river and lake to the limits of the Barren Grounds, where formerly there were no traders but the H. B. Co.; and this season Isle la Crosse north-west of Prince Albert has added its contribution. Besides this, Edmonton buyers purchase all or nearly all the

fur traded along the C. & E. as far south as Calgary and along the C. P. R. as far west as Donald. Of course the fur brought from the south does not add to the general trade of the place. This represents the trade of an immense area of country, nearly 1,000 miles square, the trade of which will no doubt increase and the area be still further extended until the Arctic ocean is reached. But the cash paid for fur and the goods sold represent only a small part of the total fur trade or the interest of Edmonton in that trade. The trade of the H. B. Co., throughout the vast region mentioned, except at Isle la Crosse, centres at Edmonton. A constantly increasing proportion of the supplies required by the company in that trade is purchased at Edmonton and Edmonton people get the benefit of the cost of freighting all the goods sent north by the company as well as by other traders from Edmonton to the Landing a distance of 90 miles. This amounts to many thousands of dollars in the course of the year and is cash to the men doing the work. Besides the H. B. Co., R. Secord, whose fur purchases for cash have averaged a thousand dollars a week since the first of last November, has a series of posts in the north extending from Lake Athabasca to the northern point of Great Slave lake. The output of these posts is a part of the general trade of the town, but does not figure in the cash sales, as Mr. Secord ships both his trade and his purchases direct to Lampson's fur house, England. It is worthy of remark, as showing the aggrandizement of Edmonton in this trade, that only a few years ago the fur at Jasper House, 200 miles west, was chiefly traded from British Columbia. Lac la Biche, 160 miles northeast of Edmonton, went direct to Winnipeg, Lesser Slave lake, 200 miles northwest of Edmonton was traded by way of Lac la Biche, Peace river still further northwest was traded with entirely from British Columbia. The country down the Athabasca and on Great Slave river and lake had no traders except the Hudson's Bay and their business was conducted by way of Isle la Crosse and Carlton. The total trade of all this region comes to and goes from Edmonton this season and even Isle la Crosse, the trade of which is carried on from Prince Albert, has this year been brought in touch with Edmonton's trade.

J. H. Metcalf, M. P., for Kingston, is to be made warden of New Westminister penitentiary.

A new type setting machine is said to have been invented in London, England, which will set 50,000 ms an hour, equal to the work of 36 men.

Prince Albert Advocate: The frequent showers we have had during June has brought the crops into a very forward state and the wheat is heading out all over the district. In some places it is already headed out. This is about as early as it has ever been in this district.

Ottawa correspondence of the Free Press, July 4th: Even the most reticent ministerialists do not hesitate to talk of ministerial complications, while others will go further and speak of a critical situation. The fact no longer be concealed that the events of the next two days may develop results which will have a material effect upon the future of the country, the importance of which at this moment it is impossible to realize. The fact appears, for the first time, to have impressed itself upon many of the conservative representatives here who were prepared to accept any proposal that might be suggested by the party leaders. That the lines dividing the cabinet on the Manitoba school question are being more rigidly drawn has been unmistakably pointed out by the two cabinet meetings which have been held within the past two days in the hope of a satisfactory conclusion being reached. That they have failed to agree is evidenced in the announcement that another meeting has been called for 10 o'clock to-morrow. While both wings of the cabinet are equally determined in pressing their case, from what can be gathered in usually well informed quarters, the section opposed to remedial legislation appears to be strengthening their position. This fact it is not difficult to discover, in conversation with those who hold other views. Yet it is equally apparent that the Quebec ministers will make their resignation contingent upon their surrender. Those who should be well posted say that no matter what decision is reached, several resignations will follow. If Quebec wins the day, one or more of the Protestants ministers will resign, while, should the Quebec ministers fail, Oulmet and Angers would step out. It was apparent to those who watched the lobbying about the corridors to-night that an effort was being made to induce Caron, who up to now has been quietly looking on, to join the other Quebec ministers in fighting on behalf of the separate schools. Whether Caron has yielded is not known. He was closeted with Oulmet and Angers for over an hour, but he would say nothing as to the position he would take to-morrow. From what can be gathered neither side will accept a compromise, or make any concession. It is to be a whole loaf or no bread.

# Hudson's Bay Company

(Incorporated 1670.)

We came here first and came to stay. Our business has undergone many changes as we have grown with the country and are now, and intend to continue, abreast of the times. ## GENERAL NEWS.

Nine tramps were recently arrested in Winnipeg under the vagrant act.

The Morden, Manitoba, Herald of July 5th, reports new potatoes fit for use.

Free Press: On Monday the Battleford industrial school passed out of direct government control into the hands of the Church of England authorities, by whom it will be conducted on the per capita system as all the other schools are.

Joncas, M. P. for Cape, writes to his paper, L'Evenement, complaining of George Taylor, ministerial whip. Joncas intimates that, instead of whipping the members to support remedial legislation, Taylor is whipping them on the opposite side.

The financial statement shows that the net debt of Canada increased during the year by six million of dollars. The revenue for the year was two and a quarter millions less than the previous year. The capital expenditure for the year was about one million dollars less than the previous year.

Cattle in Toronto are rated at \$4.25 to \$4.30 per cwt.; in Chicago \$5.90 to \$6.00. Hogs in Toronto, \$4.25 to \$4.40; in Chicago \$5.55 to \$5.65; in Buffalo \$4.60 to \$4.90. These figures show the amount of benefit received by the Canadian farmer from the protective provisions of the tariff supposed to be framed in his interest.

Free Press: Another question is that of compelling homesteaders, whose lands are patented, to pay taxes. The position now is that some farmers vote on school, bridge and other by-laws and yet do not pay one cent taxes unless their land is patented, and some of them have been doing this for two years, and in consequence several municipalities are in bad financial condition as a result of such oversight.

Free Press: Some time ago noxious weed cutters went over some of the streets; but they left Canadian thistles and stickweed enough on vacant lots to seed down a township. The thistles are in the right stage for cutting just now; but unless the civic works department gets rapidly down to business, the down will soon be flying through their. The worst weed has already gone to seed. In the neighborhood of Knox church some vigorous thistle patches are to be seen.

Lethbridge News, July 3rd: During the month of June we had an almost unprecedented downfall of rain. Almost every day we had a shower of some kind, and as a natural consequence, grain crops, hay and pasture lands are all in a fine condition. The hot weather of the past few days, however, has had a very drying effect upon the garden stuff. Both upland and slough hay will be a little later in maturing this year than usual but will be a splendid crop.

Winnipeg Tribune Ottawa despatch of July 5: It is learned semi-officially that it was decided at today's cabinet meeting that there will be no remedial legislation this session and that a statement will be made in the house to this effect. In this connection it is said there will be a full session for this purpose. This means nothing since in the meantime there will be dissolution. For remedial legislation.—Bowell, Caron, Tupper, Oimet, Angers and Costigan. Against remedial legislation.—Haggart, Foster, Montague, Daly, Dickey, Ferguson and General Frank Smith.

Free Press: A new tariff on butter, cheese and eggs has been issued by the C. P. R. and several important reductions have been made. The rates per 100 pounds from western points to Montreal and vicinity are as follows: Winnipeg, \$1.15, (former rate \$1.30) Portage, \$1.20; Brandon, \$1.25; Mooseomin, \$1.31; Greenfield, \$1.35; Regina, \$1.39; Calgary, \$1.60; Red Deer, \$1.64; Edmonton, \$1.70; Prince Albert, \$1.50; Glenboro, \$1.23; Pilot Mound, \$1.22; Deloraine, \$1.28; Melita, \$1.30; Hamota, \$1.29; Rapid City, \$1.27; Butte, \$1.30; Yorkton, \$1.35; The Canadian Pacific are prepared to supply on demand refrigerator cars, and will quote through rates, and through bills of lading to Great Britain and the continent.

Winnipeg Tribune, Ottawa correspondence July 5th: It is stated that yesterday's proceedings in council were of a very unpleasant character and any statement that the matter has been amicably adjusted would fall far short of the truth. There were rumors of resignations, but if there are to be any the time has not yet arrived. It is, however, settled that there is to be no remedial bill this session. It is very amusing to recall the fact that there was little difficulty in the cabinet agreeing to issuing a remedial order last March, because it was intended for electioneering purposes in the dissolution which was about to take place. When the ministers' course failed then and dissolution was postponed, it was said that chickens would come home to roost, and this is exactly what has happened.

The Mail's Ottawa correspondent on July 6th, says: "The opinion expressed by the Mail that there ought to be no hasty action in the Manitoba matter, either by the government or by parliament, and that the province should be given every possible opportunity to deal with its own educational questions, that there may be no shadow of excuse for federal intervention, has, it is reported to-day, commended itself to the powers that be. Should the rumor turn out to be true, we shall have an announcement on Monday that the question will not be heard of in parliament until next session. It is considered altogether likely that prorogation will take place next week. Thursday is the day generally fixed upon.

The Montreal Gazette's Ottawa special says: Manitoba remedial legislation may take the form of a supplement to the Manitoba school act of 1890, providing religious exercises in schools which would, however, remain under the supervision of the provincial government. It is further suggested that the act may contain a clause providing that it shall only come into force on the proclamation of His Excellency the Governor-General-in-council. This would give the Manitoba government time to reconsider their action in refusing to accept the remedial order of the Dominion government and decide whether it would not be politic on its part to amend its school act itself in the manner indicated and give even a limited measure of relief to the minority in compliance with the judgment of the judicial committee of the privy council rather than to persist in refusal to obey the highest legal tribunal, and force the Dominion parliament to intervene and right the wrong which the Manitoba legislature has done. In the event of legislation being introduced at the present session of parliament, and of the bill being mild in its tone, and only to be brought into force on proclamation after the Manitoba government has again refused

to remedy the grievance of the minority, it is believed that there would not be much opposition to the measure.

Governor O'Brien, of Newfoundland, refused his assent to the bill reducing his salary from \$12,000 to \$7,000.

Prince Albert Advocate, July 2: Thirteen candidates are writing on examination papers here for teachers' certificates. The list of names will appear next issue.

Prince Albert Advocate: Seneca root has been brought into town in such large quantities of late that local merchants are overstocked and prices have fallen in consequence.

Free Press Ottawa correspondent July 6: The crisis, though it has passed a certain stage, is still acute. The position is this: The government have agreed that no bill is to be brought down this session, but the French ministers insist upon a pledge that another session, probably in the fall, will be held for the purpose of putting through a remedial law. "Suppose the premier fails to give such a pledge?" one of the Quebec ministers was asked, "what would happen?" "Then," he replied, "the Quebec ministers will resign." Speaking on the same subject Mr. Joncas, M. P., said: "If our views are not met we can show them that we are strong enough to form a party and I guess the Grits and Tories of Ontario cannot long agree together. They will want us soon." The French-Canadian Conservatives are very much disgusted at the surrender of Messrs. Oimet, Caron and Angers on the school question. The Ontario men simply laugh at the idea of another session, or a pledge of remedial legislation. Le Temps calls the result a shameful retreat. It says the government has abandoned the Catholics of Manitoba; that the Orangemen have gained their point; that separate schools have been sacrificed for party reasons. Mr. Oimet was anxious yesterday to promulgate the idea of another session, but nobody credits it.

Free Press Ottawa correspondence of July 5: This has been a day of great political excitement and the agony is not yet over. It is hard to ascertain the exact nature of the situation, owing to inconsistent reports, statements and counter statements. The Ontario ministers proclaim a victory, but the French ministers deny it, and the premier and the leader in the house of commons both decline to make any official announcement. The cabinet met at 10 o'clock to resume consideration of the Manitoba school question. The public accounts committee, which had been called for the same hour was cancelled. All the ministers except Messrs. Ives and Paterson were in attendance. About half past one the council broke up.

Mr. Oimet came out alone wearing a very serious air and walked up to his room in the house of commons. Mr. Howard went over to the house of commons to the railway committee, looking as if he had scored a point over his colleagues from Quebec. A prominent Quebec minister authorized the statement that no remedial bill will be brought down this session, but that the government will give a pledge publicly to hold another session before a general election, at which a bill of this nature would be introduced. The Ontario ministers told their friends that no bill would be introduced this session. When asked how about another session they smiled and said the future would take care of itself.

## FORT SASKATCHEWAN, ALBERTA.

The settlers along the old trail to Victoria and Egg lake are now happy as the trail is not going to be surveyed, and the regular road allowances are now being opened out straight through to Egg lake, and a new grade will be made at Victoria. This will be a great boon to all travellers who have to cross the river at Victoria. The present grade is one of the most dangerous in the west.

Mr. Hubbell, D. L. S., is making the long expected correction on the line between townships 54 and 55. He is doing good work and there will be no more trouble as to the exact position of the line, judging from the genuine mounds made.

Word came in from Limestone lake on Friday last that one of the oldest settlers named Ousted, had committed suicide by hanging himself. Inspector Howard and party went out to investigate and found it was a deliberate act on the part of poor Ousted. What is the matter with the department of justice, (think it would be more appropriate to call it the department of injustice)? It is understood that the coroners refused to go to investigate because they cannot get their expenses paid when they do go. If this is so, the sooner every coroner in the Northwest Territories resigns the better, and thus bring matters to a focus. No medical man should allow himself to be imposed on by any department of the government, any more than he would by a private individual. It is said that several of the coroners paid out of their own pockets, months ago, their travelling expenses on similar occasions, and as yet have not been repaid by the government. Speaking of the department of justice? What is being done by it, or has anything ever been done by it, to find the murderer of the Frenchman out about Egg lake, north of St. Albert, last year. This penny wise and pound foolish kind of way of attending to the administration of justice, in any country, and much more so in a new country such as this, does not do.

July 8th, 1895.

## FRESH . . .

## LOCAL.

JOHN CAMERON, Jr., leaves to-morrow for the Winnipeg exhibition.

Mrs. LEE, brother of Mrs. Dr. Wilson, left for Toronto on Friday's train of last week.

The Jacques Cartier bank has purchased about \$10,000 worth of gold dust this season to date.

J. J. DUNLOP, of Sutter & Dunlop, will take in the Winnipeg exhibition per to-morrow's train.

FOR SALE to-day: E. Brosseau & Co. to H. B. Co. \$293.45. The same to W. B. Stennett \$73.25.

THOS. ANDERSON, late land agent at Edmonton, and his daughter Mrs. Braithwaite leave for a trip to Winnipeg to-morrow.

JAS. B. STEELE of Beaver Lake is in town. Gophers are doing some damage to grain on the east side of the lake. Otherwise crops look well.

F. MARRIAGI has 60 days from June 20th to show cause why his homestead entry for the southeast quarter of sec. 32, tp. 56, range 26, should not be cancelled.

GREEN LAKE, a swamp at present dry just north of Bat Creek on the Sturgeon road, is being drained into the creek by Messrs Carson and Bush. The work is on Northwest government account.

A WEEB with a yellow flower much resembling mustard is very prevalent in many old fields in this district. It is said to be a native of the district, and although not abundant it is nearly as hard to get rid of, although not quite so injurious to the crop.

A BASKET picnic will be held in Sturgeon river settlement on the flat on W. Craig's property, on Thursday the 18th inst., commencing at 10 o'clock. A base ball match between the Edmonton and Sturgeon river clubs will be played, at the same time and place.

A PROTEST against the election of D. Maloney to the Northwest assembly for St. Albert district, has been filed by A. Prince the late member who was the defeated candidate at the last election. The necessary deposit of \$500 has been made so that the protest must go on.

Winnipeg exhibition opens on Monday and continues until Friday. Regina exhibition opens on the Monday following, July 29th, and continues until Wednesday, Aug. 7th. Excursion rates to Winnipeg and return \$22, with privilege of stopping over for the Regina fair. Rate to Regina exhibition and return \$15.70.

TENDERS will be received at Ottawa up to noon on Friday, August 16th, for carrying the mail twice a week from Edmonton to Fort Saskatchewan by way of Clover Bar and Agricola a distance of 28 miles. The mail leaves Fort Saskatchewan on Mondays and Thursdays at 2 p. m. and arrives at Edmonton at 7 o'clock p. m. It leaves Edmonton Tuesdays and Fridays at 7 o'clock a. m., and arrives at Fort Saskatchewan at 12 noon.

The Presbyterian Sunday school held a very successful picnic in a grove on J. A. McDougall's property in the Lower settlement on Wednesday. The Queen's and M. McCauley's buses left town at ten o'clock loaded down with children of the Sunday school and the steamer Apus also left the Lower ferry landing at 9:30 and at 1:30 with other pic-nicers. Lunch was served in the grove between twelve and one o'clock and the children amused themselves with games, races, swings, etc. During the afternoon the Apus made a short trip down the river from the picnic grounds. Tea was served at five o'clock, and the steamer and buses returned their passengers safe and sound about seven o'clock in the evening. The prizes won by the children will be distributed at the Presbyterian church to-morrow evening at 7:30. The weather was splendid, and a very pleasant day was spent.

JOHN LINDEMAN, M. L. A. for High River district, purchased 100 head of young cattle in the Sturgeon and St. Albert settlements this week. He is now at Beaver Lake and will drive his purchases to Calgary. This seems to be the beginning of a good trade in cattle with Southern Alberta, the north raising the young stock, to two years old, after which age they winter safely in the south, and the south taking them to pasture until three or four years old without the expense of wintering. Mr. Lindehan is of opinion that stockmen here should improve their herds. The cattle in this district are not up to the standard of Southern Alberta cattle when they should be as good or even better. A poor strain of cattle represents a percentage of loss to the owner whoever he may be compared with well bred cattle, particularly in this country where they have to be wintered. Of all the various breeds the Shorthorn is still the best beef animal.

A SPECIAL meeting of the town council was held on Monday last. The committee appointed to consider the letters of Messrs Van Horne and Hammond of the C. P. R. and C. & E. respectively regarding the spur track, comprising the mayor and councillors Edmiston, Cameron and Bellamy, reported recommending that a delegation be sent to interview the C. P. R. the government, the C. & E. the H. B. Co. and such other persons or corporations as the delegates might see fit regarding the building of a bridge and the extension of the railway into the municipality. The report was adopted and Mayor Wilson was appointed delegation to carry out the recommendation of the committee. The clerk was instructed to procure all information desired under direction of the special committee. A sum of \$300 was voted to pay the expenses of the delegation. The meeting was then adjourned until Tuesday. At the adjourned meeting of Tuesday the mayor informed the council that he had visited Rev. Father Lacombe and that he had signed his desire to go on the delegation in the interests of the town. It was moved by Edmiston, seconded by Pizar, that the mayor and clerk be authorized to address a letter to Bishop Grandin requesting him to allow Father Lacombe to accompany the delegation to Montreal and other points. The motion was agreed to. Bishop Grandin has consented to Father Lacombe acting as a delegate on behalf of the spur track and bridge and he will leave with the mayor on Tuesday of next week.

## MAGISTRATE'S COURT.

The case against R. Robinson and J. J. Hill for setting fire to Robert Shaw's house was resumed on Tuesday, July 10th before C. W. Sutter, J. P. The charge against Hill was withdrawn by the crown and his evidence was taken on the case. He said: Was at Elliott's on the night of the fire with Robinson. We came straight to our own place, just stopping to talk to George La Rue. We left home about half past four on the day of the fire. Don't know at what time we arrived at Elliott's. Left there about half past eight. Got home about half past ten or a quarter to eleven. We stopped at La Rue's about half an hour and had lunch. We did not go off the regular travelled road. We did not go off the regular travelled road going to Elliott's. We went on horseback. The wagon was at Elliott's. Robinson did not get out of the wagon until we got out at La Rue's house. He was out of the wagon at La Rue's about twenty minutes. I told the constable that we got home between ten and eleven o'clock. Robinson had a watch. I saw the boots produced in court. Don't know whether Robinson wore those boots that day or not. The remainder of witness's evidence related to conversations as to the cancellation of Shaw's place and had no direct bearing on the case. The evidence of this witness concluded the case for the crown. No witnesses were called for the defence. Robinson was committed for trial and admitted to bail. N. D. Beck appeared for the crown. J. C. F. Down for the prisoner.

## METEOROLOGICAL.

## MORTGAGE SALE

OF VALUABLE  
Business Property

IN SOUTH EDMONTON.

Pursuant to the order and direction of the Honorable Justice Rouleau and under and by virtue of a certain registered mortgage made in relation to the Territories Real Property Act and amendments thereto, there will be offered for sale by public auction the following property, namely:

SATURDAY, THE 3RD DAY OF AUGUST, 1905,  
At 2 o'clock in the afternoon, at the premises, the following property, namely:

Lot numbers one and two in Block number six, nine according to a plan of subdivision of part of River Lots number eleven, thirteen, fifteen, fifteen A and seventeen in the Edmonton Settlement and the fractional West half of Section twenty-eight in town ship fifty two range twenty-four, West of 4th initial meridian in the Provisional district of Alberta in the Territories of Canada, which said plan was made by G. B. Benister D. L. S. is registered in the "First Office for the North Alberta Land Registration District as Plan "1."

The above property is situated on the North side of Whyte street in South Edmonton just East of the Railway track, and there is erected thereon a two story wooden building now occupied by W. J. G. Dickson, Real Estate Agent.

Terms and conditions of sale will be made known at the date of sale or on application to  
W. S. ROBERTSON, Auctioneer. 72-73

## NOTICE.

IN THE MATTER OF SALE OF LANDS UNDER  
"THE LAND TITLES ACT, 1894."

In the matter of real estate mortgage made by Antoine C. Brabant, of the Town of Edmonton, coal miner, to Mary Maud Flora Macdonell, on the 27th day of March, 1894, and registered as number 205 B on the 15th day of March, 1894, in the Land Titles Office at Edmonton.

To Antoine C. Brabant, N. D. Beck, and Moore & MacDowell:  
Pursuant to the Order of Mr. Justice Rouleau, dated the 27th day of May, 1905, herein, I hereby give notice that I demand payment of the sum of thirteen hundred and twenty-one dollars and seventy-five cents (\$1321.75) and interest thereon at the rate of twelve (12) per centum per annum from the said 27th day of May, 1905, due to me upon the said mortgage given by the said Antoine C. Brabant to me and upon the following lands: Lots sixteen and seventeen, Block eight; Lots fourteen and fifteen, Block fourteen, according to plan of subdivision of River Lot four, Edmonton, Alta., also one square acre of land in River Lot eight, in Edmonton, afore-said, described in certificate of Ownership 145 G, also the right of coal mining under the said Lot Eight and other easements.

And take notice that unless such default is remedied within fifteen days from the last publication of this notice, I will apply to the Court of Justice for an order for foreclosure of the said mortgage. All competent rights and powers will be resorted to. And further take notice that in case said mortgage lands and premises shall be offered for sale at public auction and the amount of the highest bid at such sale shall be insufficient to satisfy the monies secured by said mortgage, together with the expenses occasioned by such sale, it is my intention to make application to a Judge of the Supreme Court of the Northwest Territories, usually exercising jurisdiction in the Northern Alberta Judicial District for an order for foreclosure of all adverse interests in said mortgage lands and premises.

Dated at Edmonton, Alberta, this 30th day of May, 1905.

M. M. F. MACDONELL,  
The Mortgagee.

By her Advocates,  
S. S. & H. C. TAYLOR.

JAMES COSSAR, WILLIAM DURRANT, J. J.  
DUGGAN, AND ANDREW McLANE, ON THE  
27TH DAY OF SEPTEMBER, A. D. 1894, AND  
REGISTERED AS NUMBER 2360 ON THE  
5TH DAY OF OCTOBER, A. D. 1895, AT  
EDMONTON.

Pursuant to direction of Mr. Justice Rouleau dated the 23rd day of January 1895, we, the above named James Cossar, William Durrant, J. J. Duggan and Andrew McLane, of South Edmonton, in the District of Alberta, hereby give notice that we demand payment of the sum of eight hundred and thirty-eight dollars and twenty-four cents (\$838.24), and interest thereon at eight per centum per annum from the 23rd day of January, 1895, due to us upon the said mortgage given by the said Robert Johnstone to us and being upon the following described lands: Lot number four (4), Block thirty-nine (39) in River lots eleven (11), thirteen (13), fifteen (15), fifteen A (15 A) and seventeen (17), in South Edmonton, in the District of Alberta, as shown by a map or plan of subdivision of said River Lots eleven (11), thirteen (13), fifteen (15), fifteen A (15 A) and seventeen (17), made by G. B. Benister, D. L. S., and registered in the Land Titles Office for the North Alberta Land Registration District as Plan "1."

And take notice that unless such default is remedied within fifteen days from the last publication of this notice, being the 15th day of July, inst., all competent rights and powers will be resorted to. And further take notice that in case said mortgage lands and premises shall be offered for sale at public auction and the amount of the highest bid at such sale shall not be sufficient to satisfy the monies secured by said mortgage together with the expenses occasioned by such sale, it is my intention to make application to a Judge of the Supreme Court of the Northwest Territories for the time being usually exercising jurisdiction in the Northern Alberta Judicial District for an order for foreclosure of your interests in the said mortgage lands and premises.

Dated at Edmonton this 22nd day of March, A. D. 1905.

JAMES COSSAR,  
WILLIAM DURRANT,  
J. J. DUGGAN,  
ANDREW McLANE,  
The Mortgagees.

By their Advocates,  
S. S. & H. C. TAYLOR.
